### Throwing the spear by means of the Atlatl

Spears are among the oldest hunting and fighting weapons. They achieved through the use of Atlatl greater penetrating power.

### Prehistoric Crafts

Crafts like thousands of years ago? Felting, weaving, pottery, grinding grain and baking bread, making a bullroarer, manufacturing copper jewelry, and using earth colors are offered.

### Herbal Wandering

Where did the daisy get its name from, and why is it so important to have an elder bush growing in the vicinity? Experts from the Weinviertler Herb Academy show on a walk around the Urgeschichtemuseum plants with positive effects on the body.

### Archery

The bow is also one of the oldest hunting weapons and was an effective long range weapon. Learn to handle the bow and show Your skills in a contest!

We will send you a customized package just for you!
